Driver licence	Car
Equipment experience	
6. Hobbies and interests	Photo, photo retouching, makeup, psychology, running, hiking, swimming, foreign languages, archery
7. Job start date	As soon as possible

Autobiography

My name is Anna. I'm 27 years old. I was born on March 1, 1993 in Cherkasy, Ukraine. My family is rather small but friendly. I have a mother, she is a pensioner, and older brother who already has his own family and works as a manager. Also I have grandparents they live in the village. I'm not married, but I have a boyfriend. My height is 170 cm, weight is 53 kg.

When I was little, we lived in a private house with a small garden. I liked to plant different vegetables and flowers there. There we also had apple, pear and cherry trees. Mom explained and showed me how to look after the garden, and I felt that this is where life is born. Also we visit my grandparents often. Earlier they had two cows, some calves and poultry. They made dairy products and it was very and very delicious. My brother and I helped them look after domestic animals. Our grandparents taught us basic duties how to deal with animals.

At school I studied well, especially I liked biology, mathematics and languages. During school years, I went swimming, dancing and martial arts. Even now I cannot imagine my life without sports and I support my physical condition in fit, doing fitness at home. I like to run, swim and go mountaineering.

In 2013 I got the specialty of the hairdresser-fashion designer in Cherkasy State Art and Technical College. After that I worked in this field.

In 2019 for two months I worked as a seasonal worker in Germany on the farm Höfler GbR. My duties were connected with picking zucchini, tobacco and pumpkins, sorting and packing.

When I returned from Germany, I decided to train for a new profession and as a result I was enrolled as a student in the Vocational Agrarian Lyceum. My choice fell on the faculty of veterinary and stockbreeding. During studying in the first semester I did the practice on the training farm of the lyceum. I had such responsibilities as taking care of the animals, feeding and giving water to them, moving the animals, washing the stables.

Now, I'm good at English at the Intermediate level. I have experience in communicating with foreigners, I speak well enough and understand the language. Also I am fluent in Ukrainian and Russian. I have a driver's license and can drive a car. I am interested in psychology, I love to make photos and retouch them. I am fond also of makeup design. I am a responsible, focused on the task, punctual person.

Now I want to find the opportunity to do a long-term internship in Denmark. It will help me get new professional experience, get acquainted with Danish farming technologies and with a great Scandinavian country. I would like to work on the dairy farm together with my boyfriend Dmytro.

Regards,

Anna
