Autobiography

My name is Artem. I am 24. I was born in 1996 in city of Odesa. I have a little family. My father Oleksandr works as an economist in a building company. My mother Nana worked as a psychologist in a municipal hospital. Now she is a housewife. My grandmother and grandfather live in the village.

Since early years I have been connected to country life style. I often stayed at my grandparents' place and helped them. They taught me to look after the animals, and I can feed, take away after them. I am pleased to spend time with animals.

After finishing my school studying I trained myself in different jobs. I worked as a worker at the plant. Then I worked in the shop as a shop assistant. I even worked in India as a cleaner.

When I met my girlfriend we decided to enter Agrarian Lyceum, to get married in future and to start up our own agricultural business.

In 2018 I started studying in the Agrarian Lyceum, the faculty of veterinary. While studying I had some months of practice at a livestock farm. There I did feeding, watering, cleaning and disinfecting of stables.

I have good level of English. Also I speak Polish, Russian and Ukrainian (my native) languages.

I have a driving licence, and I can drive a car.

As for my hobby, I love sport, especially team types of sport, such as football and rugby.

Now I am looking for an internship in Denmark to get new knowledge and experience. I want to work and live with my girlfriend Yuliia at a pig farm, it will help us to create our future plans. I think that it is the best method to widen an outlook and communicate with international people.

Regards,

Artem
