Autobiography

My name is Tetiana and I am 20 years old. I was born in a village Harapivka, Zhytomyr reg. I have a big family. My father Olexandr is a driver and my mother Tetiana is a housewife. I'm not married.

My height is 166 cm, weight 50 kg.

My mother is fond of gardening. She has a very nice garden. I have helped her since my childhood, that is why I am fond of gardening, too. My favorite flowers are daisies, orchids and tulips. I look after a big flowerbed, it is the decoration of our house.

When I was a pupil, I was fond of Biology and Chemistry. I studied in my native village, so we often had excursions to the forest or river together with teacher. Even now, I can't image my life without walking in the open air among nature.

Undoubtedly, I chose an agronomy education. I study agronomy in Agrarian Lyceum from 2018. While studying, I worked in the greenhouse, where all of the students had a practice. There we did weeding, fertilizing, planting and transplanting. We did pruning of trees, too.

As for my character, I am reliable, responsible, honest and calm person. I like playing football, volleyball, tennis and I am fond of running.

As a worker, I am active and diligent. When I get task, I try to do it excellent.

I can speak English.

I have a driving license.

I want to see Denmark and I want to find out about the Danish traditions in agronomy. I would like to train working with flowers and get new skills in flower growing. I want to be a skilled agronomist in future.

Regards,

Tetiana
