## Autobiography

---

My name is Serhii. I'm 27 years old. I was born in Nizhyn. I'm not married and have a small family. My father Volodymyr works in a sports and shooting complex, he is an instructor and my mother Kateryna is a manager in the restaurant.

My height is 187 cm, weight 85 kg.

I lead an active life style. I like doing sports and walk outdoor. My parents taught me to be hardworking, so that I'm not afraid of the hard job. Besides, I worked as a loader for some years, it made me stronger and more stable. But I'm dreaming to get a profession and work as a vet.

I'm a student of Agrarian Lyceum, the department of veterinary. I entered it in 2018. There I learn how to work with domestic animals. Besides, I already had some practice in the training farm. I was on the animal farm and did feeding, watering, moving of animals and also cleaning.

As for my hobby I like sport, especially team kinds of sport like football and martial arts like sambo and boxing.

When someone asks me, why I want to Denmark, I answer that it is the best opportunity to change my life. Firstly, I'll get all necessary skills in farming and agriculture. Second, I'll improve my English and meet new interesting people. And the last is that it will help me to visit new interesting country with unique traditions. That is why I want to train in the pig farm in Denmark and also would like to try myself in working with plants, if there is such possibility.

Regards,

Serhii
