Autobiography

My name is Dmytrii. I'm 23 years old. I live in the village Nova Borova, Zhytomyr reg., Ukraine. I have a small family. My father Leonid works as a forklift operator and my mother Nataliia is a shop seller. I'm not married, but I have a girlfriend.

My height is 174 cm, weight 74 kg.

From my childhood I've been connected to a rural lifestyle. My parents keep some land to grow vegetables and fruits for our needs. We used to look after plants, so we always have good harvest. I don't even remember the times when we bought vegetables at the market because we grow everything ourselves.

My work experience is connected with delivering goods. However, after few years of working as a loader I decided to develop in another sphere.

I entered Agrarian lyceum in 2018. My great passion is plant care, so I chose the department of Agronomy. Students of the lyceum often have different practical periods on training farms, so that I have skills in planting, transplanting of seedlings, fertilizing of soil, weeding and cleaning.

I can speak English.

As for my hobby I like sport, especially team kinds of sport like football and volleyball. Also when I have free time I like to do workout.

I have a dream to get an internship in Denmark. I want to work on a plant farm as my future profession is an agronomist. I would like to work together with my girlfriend.

Regards,

Dmytrii
