Equipment experience	Tractor(good)
5. Hobbies and interests	Playing table tennis, reading books
6. Job start date	01.10.2020

Autobiography

My name is Ihor. I am 29 years old. I was born in village Levchenkove. My family consists of my father, my mother, my brother and me. My father Hryhorii works as a mechanic of agricultural machinery, my mother Liubov is retired and my brother Viacheslav works as a driver. I'm not married.

My height is 175 cm, and my weight 85 kg.

In 1997 I started to study at school. During my studying I liked lessons of Chemistry and Biology. Also in childhood I liked to go to our local farm, where worked my mother. I helped her bring water and feed cows. Now my parents have a small household and I help them. Mostly I look after our domestic animals: a cow, some pigs and chickens.

In 2008 I started training in the vocational school after which for some period of time I worked as a commodity expert. But soon I understood that it is not for me.

I have worked in Poland at the factory, too. I served machines. It was very responsible job. Another time I worked at the fishing factory. I was responsible for packaging of fishing products.

When I returned, I came to conclusion that I would like to change my profession. So from 2019 I am a student of the Vocational Agrarian Lyceum. I am studying on the faculty of veterinary and stockbreeding. I like studying there and I am sure that I want to build my career in this sphere. I did the practice on the training farm of my lyceum where I had such duties as taking care of the animals, feeding and giving water to them, moving the animals, washing the stables.

I can speak English and Russian. My mother tongue is Ukrainian. I have a driving license and can drive tractor and car. Also I have a military rang - Junior Lieutenant. I like playing table tennis and volleyball. My hobby is reading books, too.

I have a goal to undertake the internship in Denmark where agriculture is on a high level of development. I want to get a good experience for opening my own stockbreeding farm in Ukraine in the future. I would like to work on a dairy farm.

Regards,

Ihor.
