Other language(s)	English - Satisfactory, Russian - Perfect
Driver licence	Car
Equipment experience	
5. Hobbies and interests	Sport, reading
6. Job start date	25.11.2020

Autobiography

My name is Galyna. I'm 28 years old. I was born in Cherkasy region. I have a small family. My father Serhii is an engineer and my mother Mariia is a housewife. I'm married and have a child.

My height is 165 cm, weight is 50 kg.

From my childhood I've been connected to country style of life. I lived in a very small town and my grandparents lived in the village near our town. I was used to visit my grandparent almost every weekend. There I had a lot of friends and I liked spending time there. Surely I helped my grandparents with their household where they always had some domestic animals. Now I live far from my native town in Kyiv and I visit my relatives not as often as I would like. So now my parents look after the household. But I am very grateful to my grandparents, because they taught me how to take care about domestic animals.

After finishing school I moved to Kyiv and worked there as a waitress and afterwards as a sale-manager. When I gave birth to my child, I was on maternity leave.

In 2019 I decided to apply to the Vocational Agrarian Lyceum. I entered this lyceum on the faculty of veterinary and stockbreeding. I like studying there, because this field is close to my heart. I did practice on the training farm as well. My duties comprised taking care of the animals, feeding and giving water to them, moving the animals, washing the stables.

I have satisfactory level of the English language. Also I speak Ukrainian and Russian. I have a driving license and can drive a car. As for my hobby I like sport, especially team kinds of sport, and reading books.

I dream about a small family pig-breeding farm. I would like to do it modern and well-equipped. Now I want to get as much experience as possible. I would like to develop my knowledge and enhance my professional skills. I think that Denmark can be the best country for getting experience, as there is a modern approach to managing farms. I would like to work as a trainee on a pig-breeding farm.

Regards,

Galyna
