Autobiography

My name is Oleh. I'm 26 years old. I live in Ryzne village in Cherkasy region. My family is not big. It consists of my mum and me. My mum is forty-six, she is a teacher of music. I'm not married. My height is 177 cm, weight is 79 kg.

From childhood I helped my family with household, we always had some animals. On our small farm I took care of the pigs, chickens and rabbits. As I did it from early age, I am used to this kind of work.

In 2000 I went to school and finished it in 2011. In a year after graduating I went to work to the household store. In several years I served in the Ukrainian army for 2 years. When I finished serving, to my mind came the realization that agriculture was what I liked and understood.

In 2019 I went to study to the Vocational Agrarian Lyceum on the faculty of veterinary and stockbreeding. I am still studying there and am eager to develop in this sphere. We had the practice on the training farm of the lyceum. I had such duties as taking care of the animals, feeding and giving water to them, moving the animals, cleaning up the stables.

I have satisfactory level of the English language. Also I speak Ukrainian and Russian. As for my hobby I like sport. When I have some free time I go to the gym. I am fond of music – it inspires me very much.

In the future I want to be a farmer. That's why now I'm applying for the position of farm worker as a trainee in Denmark. I want to improve my skills and knowledge, get acquainted with Danish agriculture and culture in general. I would like to work on pig-breeding farm.

Regards,

Oleh
