Autobiography

My name is Svitlana. I'm 24 years old. I'm not married, but have a boyfriend. My family consists of dad, mom, older sister and younger brother. We are a very friendly family. My height is 165cm, weight 53 kg.

My township is like a big village. Almost all people there manage the household. We have two dogs, two cats, rabbits, chickens, two cows, pigs. My parents taught me how to take care about domestic animals and I can feed, water, brush, and clean up after them.

For some years I worked in the beauty store and garden shop in the town nearest to my township and helped my parents around our household.

In 2019 I became a student of the Vocational Agrarian Lyceum on the faculty of veterinary and stockbreeding. During studying all students have the opportunity to pass the practice on the training farm. I did it in the first semester of studying. My duties included taking care of the animals, feeding and giving water to them, moving the animals, washing the stables.

At the moment I am learning English and can speak it already. Also I speak Ukrainian and Russian. As for my human qualities, I am a sociable, cheerful and hardworking person. Talking about my hobby in my spare time I read books. I like to travel, do sports, especially team kinds of sport like basketball and volleyball.

Now my aim is to get as much experience as possible. It will help me become a master of my craft. For this reason I am looking for the vacancy for the agricultural interns. I would like to work as a trainee on the pig-breeding farm in Denmark together with Yaroslav Saposhynskyi.

Regards,

Svitlana
