Other language(s)	Russian - Perfect, English - Elementary
Driver licence	Car
Equipment experience	Tractor(just ability)
5. Hobbies and interests	Football, tennis, volleyball
6. Job start date	As soon as possible

Autobiography

My name is Taras. I am 28 years old and was born in the town of Malyn. I am married and have a daughter. My wife Iryna works at a local company. My height is 186 cm and the weight is 87 kg.

From September 1998 to July 2009 I studied at School of Ukrainka, where I received the certificate of completion of secondary education. At school I was keen on playing football and table tennis.

All my childhood I lived in the village. My dad had his own farm, so I spent most of my spare time helping my father take care of the animals. I learned to feed, water and clean up after them. It was very interesting for me to spend time taking care of the animals.

When I finished school, I carried on with helping my father. From October 2010 to October 2011 I served in the Ukrainian army in Lviv. After that I passed the course in building and worked in this sphere.

In 2019 I decided to follow the steps of my father and entered the Vocational Agrarian Lyceum on the faculty of veterinary and stockbreeding. In the same year I did the practice on the training farm of my lyceum. I had such responsibilities as taking care of the animals, feeding and giving water to them, moving the animals, washing the stables.

I have the driving license and can drive a car. Also I have a slight experience in driving a tractor. As for my hobbies, they didn't change from times of school years and I still like playing football, tennis, volleyball.

Nowadays the agriculture in Ukraine is in difficult economy situation and does not experience the best times. But I am sure that we have a lot of resources to overcome this crisis. That's why I am looking for an internship in Denmark. I want to improve my experience and knowledge, to gain practical skills at modernized farm, to master modern European technologies of stockbreeding and to start running my own farm in my motherland. I would like to work on the pig-breeding farm.

Regards,

Taras
