# Autobiography

---

My name is Kateryna. I'm 27 years old. I was born and raised in the small town Uman, where I live these days. I have a small family. My mom is a nurse in a dental clinic and my younger sister is a project manager in IT company. I'm not married. My height is 158 cm, my weight is 62 kg.

In childhood my summer holidays I spent in the village, where my grandparents live. I helped them with horticulture and feeding animals. In the future, this determined my profession. We have in the village a big garden where we have a lot of fruit trees and berry bushes and a kitchen garden where we grew tomatoes, potatoes, cucumbers, carrots, pumpkins, zucchini and so on.

In 2011 I graduated from school and after a while I worked in the gardening shop. Some time later I worked as a seasonal worker several times on farms in Finland where I was engaged in growing onions and strawberries. From 2017 to 2019 I had a job on the basis of the work contract in Finland in the agriculture sector (greenhouse). My duties included sowing, planting, cutting, packing salad. It was a good experience for me and a wonderful chance to live and learn culture abroad.

As I already understood exactly that I would like to build my career in this sphere, in 2019 I decided to get the professional education and entered the Vocational Agrarian Lyceum on the faculty of agronomy and horticulture. At the beginning of studying I had the 2-month practice on the training farm. My duties included taking care of the plants, planting and transplanting, weeding and pruning, fertilizing the soil.

My favorite hobbies are cooking and playing volleyball. I like baking cakes and biscuits. Also, I love to learn something new and develop. I have a driving license and can drive a car. I speak Ukrainian, Russian, and English.

Now I want to improve my knowledge and upgrade skills in the field of horticulture, so I am looking for a practice in Denmark. My wish became even more intensive after I had read the book "The Little Book of Hygge: The Danish Way to Live Well" and I determined that I want to learn more about Danish lifestyle. That's why I want to combine pleasure with business. I would like to work on the crop production farm.

Regards,

Kateryna
