Driver licence	Car
Equipment experience	Car(good), Tractor(satisfactory)
5.Hobbies and interests	Chess
6.Job start date	05.01.2021

Autobiography

My name is Vitalii. I'm 29 years old. I was born on the twenty-eighth of May, 1991 in Kyiv. I'm married. I have a small family. My wife is on maternity leave. My son is only 5 months.

My height is 179 cm, weight is 95 kg.

In 1997 I started studying in the secondary school. At this age my parents started breeding the rabbits. I also looked after them. In addition to this, I visited my grandparents who live in the village which is located not far from the city. Their household comprised two cows, chickens and ducks. My grandparents taught me how to take care about them.

When I finished the secondary school, I entered the vocational school and got the specialization of builder. After that I worked in the sphere of construction. But recently I decided to change my professional activity.

In 2019 I entered the Vocational Agrarian Lyceum on the faculty of veterinary and stockbreeding. During the first semester I undertook the practice on the training farm. My responsibilities included taking care of the animals, feeding and giving water to them, moving the animals, washing the stables.

I started learning English recently and now have the elementary level of the English language, but I continue improving it. Also I speak Ukrainian, Russian and a little bit German. I have a driving license and can drive a car. Also I have an experience of driving a tractor and an excavator. As for my hobby I like sport and chess.

The purpose of the trip to Denmark is to gain European experience for starting a farming business in Ukraine. I have a goal to set up a small dairy farm which will produce the dairy products. Denmark is famous for its modern approaches to farming and I would be thankful for the opportunity to work as a trainee on one of the dairy farms.

Regards,

Vitalii
