# Autobiography

---

My name is Nazarii. I was born on June 18, 1996 in Bucha. My family consists of my parents, older brother and me. My father works as an electrician. My mother works as a painter and my brother works as a bodyguard. I am not married. My height is 182 cm, weight is 75 kg.

Most of my holidays and weekends I spent in the village where my grandparents live. They have a plot of land where we together grow different fruit and vegetables. My grandparents taught me how to seed, plant, look after the plants and pick up the crops.

For some years I was working for Easyvending on the position of a sales manager.

In 2019 I made up my mind to change the professional field and get the agricultural education. I entered the Vocational Agrarian Lyceum on the faculty of agronomy and horticulture. During studying I undertook the practice on the training farm of my lyceum. My duties included taking care of the plants, planting and transplanting, weeding and pruning, fertilizing the soil.

Talking about languages I speak these are English and Russian. Ukrainian is my native. I am interested in doing sports, playing computer games, snowboarding, cycling, cooking.

My goal of doing internship in Denmark on the modern farm is to gain new knowledge and skills which will come in use for my professional becoming. Also I would like to get acquainted with Danish life style and language. I would like to work on the crop production farm. I would be thankful for such an opportunity.

Regards,

Nazarii
