Mother tongue	
Other language(s)	English - Good
Driver licence	Car
Equipment experience	
5. Hobbies and interests	Singing, touring, gospel songs, dancing, music and experience new ideas
6. Job start date	As soon as possible

Autobiography

My name is Brenda Mabeku, I am from Uganda, I am 27years and was born on the 4-th of December. I am a protestant. My mother is a peasant farmer who educated me through agriculture and motivated me to study agricultural course as well as doing it practically.

We do both mixed farming and mono cropping type of agriculture that's to say livestock production and crop production on small scale and the type of livestock reared are piggery, cattle, goat, sheep poultry birds, the type of crops grown are vegetables, fruits, cereals, and leguminous crops.

I studied at my home district at primary school, and in 2013 I finished Bettany girls comprehensive secondary school, in 2017 I finished my A-level at Mulusa Academy. It gave me an opportunity to get further education.

In 2022 I joined Rwentanga Farm Institute where I am pursuing a diploma in Animal Production and Management. After my first year I supervised experimental rearing practice skulls (SELPS). I had two practical classes lasting 15 months each. I was a piggery and I was happy to gain some experiences on disease management, feeding, cleaning.

I speak my local language lugbarati. Of course I speak English which is the official language for Uganda. I passed IELTS exam and I can speak English well.

I love singing, touring, gospel songs, dancing, music and experience new ideas, knowledge and skills.

I have a driving license and can drive a car at satisfactory level.

Now my goal is getting more experience and obtaining practical skills in the sphere of farming. I dream about an internship in piggery and dairy sector in order to develop myself.

I heard a lot of fascinating stories about Denmark mostly in livestock production and I became so passionate about piggery and dairy.

Regards,

Brenda
