Autobiography

My name is IHOR CHEPIHA. I'm 29 years old. I was born on the twenty-fifth of July, 1988 in Putivl, Ukraine. I have a small family. My father Mykola works for a agricultural company as a truck driver and my mother Elena worked as accountant for a local administration but now she is retired. I'm not married.

My height is 175 cm, weight 86 kg.

From my childhood I've been connected to country style of life. I live in a private house. My family keep domestic animals such as pigs and rabbits. We have about a hundred heads. My responsibilities include collection of fodder, vaccination and breeding.

I studied at secondary school from 1995 til 2006. After school I had to start working. I breded rabbits and sold them

In 2016 I entered Agrarian lyceum, the faculty of veterinary. There I had practice at a training farm where the students are taught how to take care of farm animals, to feed, to clean, to move them.

I have good English language. Also speak Ukrainian and Russian.

I have a driving license and can drive a car or truck.

As for my hobby I like sport, especially wrestling and weightlifting.

I think the potential of Ukraine is not discovered enough and now agriculture of our country experiences not the best times. I need a lot of experience but I can't get it in my country. Now I'm looking for a job in Denmark at a pig-breeding farm I want to apply my knowledge and experience and get new ones. I think it's the best way to expand my outlook, to communicate with international people.

Regards,

Ihor
